MEET YOUR FLORIST

Patsy Newton

Patsy brings 24 years of experience as a florist and event planner to weddings, private celebrations and corporate events in Barbados.

Your ideas, thoughtfully arranged.

She works with your colours, venue and budget to create a floral plan, then agrees the details with you and coordinates the floral setup for your day.

01 / PERSONAL FLOWERS

The flowers you carry.

BOUQUET STYLES

Hand-tied,
structured or
cascading.

Choose the shape, scale
and colours that suit your
dress and the way you
want to carry your
flowers.

We also create attendant
bouquets, buttonholes,
corsages and floral hair
details.

Personal flowers are designed as a coordinated collection. We agree who needs flowers, the pieces required and seasonal alternatives in your proposal.

02 / THE CEREMONY

A setting for your vows.

We bring together arches, aisle flowers, urns and focal arrangements to frame your ceremony.

Add coordinated seating, cushions or an aisle rug. We source the agreed pieces and plan the installation around your venue, access and weather arrangements.

Ceremony styling visualisation.

03 / THE RECEPTION

Flowers to gather around.

From intimate dinner tables to a full reception, we create arrangements that bring the setting together.

Choose low centrepieces, elevated flowers or a mix of both, with candles, vessels and table styling. Sweetheart tables, bars and other focal areas can be included in your floral proposal.

COLOUR, TEXTURE & CRAFT

Made to feel like you.

The finishing details.

We can source chairs, arches, tables, linens, rugs, pedestals, urns and decorative pieces to complement your flowers.

Your quotation confirms the selected items, quantities, availability and hire arrangements.

YOUR WEDDING, YOUR WAY
